enomatic®
wine serving systems

élite

enoround

- **Available models:**
  - enoround 16 RT
  - enoline 8+8 REF (16 bottles placed in a circle).
- **Wine temperature:**
  - Room Temperature
  - Refrigerated: from 7 to 18 °C (from 45 to 64 °F).
    The Dispenser has a dual temperature compartments
    managed separately in order to serve both red and white wines.
- **Use and system activation:** self-service through 2 wine
  card readers which manage 8 bottles each, so to serve two
  customers at the same time.
- **Gas supply :** food grade nitrogen or argon
  (cylinder or generator not included).
- **Servings:** 1 or 3 configurable volumes with touch screen
  key display.
- **Display:** each position has an LCD graphic touch screen
  interactive display to monitor the dispenser's functions.
  A central LCD graphic screen supplies general information.
- **Materials:** stainless steel with Corian top.
- **Colors and finishings:** it is possible to choose from the
  following Corian colors: Glacier white, Nocturne black,
  Coffee Bean and "Corian-customised "colours
  (www.corian.com/colours).
- **Cooling system:** by refrigerator compressor.
- **Condensate drainage:** not required.
- **Lighting:** with LED. Light intensity changes according to
  different functions.
- **Environment control:** a junction box performs a check on
  allexternal environment conditions (temperature, pressure,
  humidity) in order to auto-adjust the dispenser's efficiency.
  This guarantees increased precision of pour volumes and
  better functionality of the refrigeration system.
- **Nitrogen/Argon leak control:** a designated pressure control
  system highlights any gas leak directly on the display.
- **Bottles lifting system:** electrical pistons that avoid using air
  or gas for bottle activation.
- **Positioning:** support furniture needed.
  For the correct positioning the base height must be between
  90 and 95 cm from the ground.
- **Wine card types:** chip card (SMART card) and RFID MIFARE
  (shared-use MAD system compatible).
  Finger print, magnetic stripe or bar code customizable upon request.
- **Modules interfacing:** LAN network, TCP/IP protocol.

THE ALL NEW ENOROUND UTILISES FULL ELITE
TECHNOLOGY. IT INCORPORATES TOUCH
SCREEN DISPLAYS, ELECTRIC BOTTLE LIFTING
SYSTEM, GAS LEAK MONITOR AND FURTHER
FUNCTIONALITIES FOR SELF CONTROL. THE
NEW DUAL TEMPERATURE MODEL IS IDEAL TO
SERVE BOTH RED AND WHITE WINES.
